MUST PUT UP SHUTTERS. Redmond's Opera House Must Be Protested on the Rear.

The session of the police and fire commissioners was of no especial interest yesteriay and the work was soon accumplished. Commissioner Loctigert Coast Points without change. was in the chart. Marshal Lemon re-ported that the Le France engine had nearest ticket agent or ported that the Le France engine had been shoped and would probably arrive here Satorday morning. He also reported an injury to one of the macanes which tipped over last Tuesday evenue. He called attention to the also constator method of creeting large factores. This method consists of making the floors of 2x6 timbers and covered by a set edgewee and covered by a seven-eightins-inch floor. The timbers are spiked together in a solid mass instead of being separated as in the or-dinary construction. Firemen, he said, had come to the conclusion that while a fire will not burn rapidly in such I floors, the fire becomes intense, and is very dangerous to adjoining property. As the New England furniture factory was constructed on the slow combus-tion plan and was very close to Red-mond's Opera house, he had notified the owner of the opera house building to place shutters on the rear windows. It was his opinion that should fire break out in the factory the destruction of the opera house would be cortain. He further reported that George W. Gay had not returned, and as a result nothing had been done toward having fire escapes placed in the Berkey & Gay hunding. He had spoken to the prosecutor and papers would be pre-pared and served on William Gay as soon as he returned.

inperintendent Eastman reported that he had not carried out the suggestion of the board to allow the men who work from 4 o'clock to 8 o'clock a. m. to leave their beats to get a lunch. He thought some of the mea could He thought some of the mea could not take advantage of the order on account of the distance of some of the beats from places where they could get a lunch. He said none of the men had ever complained of the matter, and Captain Johnson, who had been in the department fourteen years, had never heard one complain. The men may heat their coffee before they go out, and are returned at 8 o'clock.

The World's Fair Directors

Have 5,000,000 Souvenir Half Dollar Coins in their treasury, the gift of the American people by Act of Congress. The patriotic and historic features of these Coins and their limited number, compared with the millions who want them—our population is 66,000,000—have combined to create so great a demand for these World's Fair Souvenir Coins that they are already quoted at large premiums. Liberal offers from speculators, who wish to absorb them and reap enormous profits, have been rejected for the

and a divided sense of duty confronts us-

We need \$5,000,000 to fully carry out our announced plans, and

We have decided to deal direct with the people---

To whom we are directly responsible --- among whom an equitable distribution of these National heirlooms should be made.

### The World's Fair Offer to the American People:

That none of our plans for the people's profit be curtailed we must realize from the sale of 5,000,000 Souvenir World's Fair Fifty-cent Silver Coins the sum of \$5,000,000. This means \$1.00 for each Coin, a much smaller sum than the people would have to pay for them if purchased through an indirect medium. Every patriotic man, woman and child should endeavor to own and cherish one of these Coins, as they will be valuable in future years—a cherished object of family pride.

Remember that only 5,000,000 Coins must be divided among

66,000,000 people. These Coins could be sold at a high premium to Syndicates, but we have enough confidence in the people to keep the price at a Dollar for each Coin, as this will make us realize \$5,000,000—the sum needed to open the Fair's gates on the people's broad plan.
